Higher Degrees in Psychology

Closing Dates

➤ **Scholarship Applications**

Closing date for Scholarships 31 October each year (Note: Scholarships are not available for the Doctor of Psychology)

➤ **Combined MAppPsych/PhD**

Closing date for Admission 31 October

➤ **RMT and DPsych**

Closing date for 1st Semester Admission 31 October

Closing date for 2nd Semester Admission 31 May

➤ **PhD and MPhil**

Applications for Admission are accepted all year round.

Who should use this form?

The attached form should be used by graduates with proven research experience* who wish to apply for research scholarships (including current research students) and admission for PhD, MPhil, Research Masters with Training and Combined MAppPsych/PhD in the School of Psychology.

This form should also be used by graduates who wish to apply for admission to the Doctor of Psychology program.

* Proven research experience generally means award of Honours and/or completion of a substantial research based thesis, either as part of a four year degree or as a postgraduate student. If you are in doubt whether your research experience is sufficient for admission, please contact HDR Services for more information.

Documentation

The following documentation must accompany your application form at the time of submission. The only exceptions are the professional and academic referee reports which should be sent directly to HDR Services by your referees and any outstanding results from studies you may be completing in 2011, which you will need to send to HDR Services as soon as they become available in the form of official transcripts.

Please ensure that the supporting documentation is complete. Original documents are preferred and will be returned to you if you request it. You must attach certified copies of award certificates and full academic transcripts, including keys to the grading system used. All documents MUST be in English; if not, please include certified English translations. Copies are acceptable provided that the copied documents are certified as "true and complete copies of the original" by either the issuing authority, a Justice of the Peace or a Commissioner for Declarations. Uncertified photocopies or facsimiles will not be accepted. Applications submitted without full and proper documentation, or with no explanation as to why documentation is not available, will not be assessed.

Applicants for the Australian Postgraduate Award (APA) must provide an original or certified copy of their birth certificate, extract of entry, citizenship certificate or passport extract.

If you have changed your name since you were awarded the qualifications upon which this application is based, you must supply the original or correctly certified copy of your marriage certificate or change of name declaration.

➤ **Australian Residency**

If you have arrived in Australia in the past twelve months, you must supply the original or correctly certified copy of the passport visa showing permanent residency approval.

➤ **Previous Tertiary Studies**

A complete record of your tertiary studies is required at both undergraduate and postgraduate level, showing all years of study, all tertiary institutions attended and all qualifications obtained. If you have failed any courses or have been excluded from any tertiary institution for any reason, full details must be given. You must include with your application complete official academic transcripts which set out all subjects you have studied, the years in which they were attempted and the individual grades obtained in each subject.

Results or marks slips are not acceptable.

If a transcript does not clearly show that a qualification (eg, BSc, BA) has been awarded, you will also need to provide your degree certificate or official advice from the university registrar that the degree has been or will be awarded.

Please ensure that transcripts include explanations of grades and abbreviations used. If these documents are not available when you apply, you should indicate when you are likely to have them, and forward them to HDR Services as soon as possible. Murdoch students do not need to provide academic transcripts for Murdoch studies.

If you have had a prior Research HECS Exemption Award or Research Training Scheme Funding, details must be given.

➤ **Curriculum Vitae**

Please enclose a copy of your latest curriculum vitae.

➤ **Honours Results**

If you are currently enrolled as an Honours student, either at Murdoch University or at another institution, you must notify HDR Services as soon as you receive advice of the level of Honours awarded. Advice from your supervisor or faculty must be followed up with formal transcripts or certificates from your University Registrar.

Documentation continued..

➤ *Honours Equivalence*

For applicants without an Honours degree, it is important that you fully complete the section titled "Honours Equivalence". Applicants without Honours will be assessed individually on the basis of information provided in this application

➤ **Referee Reports**

- For PhD and MPhil - you will need to obtain two academic referee reports
- For DPsych and RMT – you will need to obtain one academic referee report and one professional referee report
- Combined MAppPsych/PhD – you will need to obtain two academic referee reports and one professional referee report.

Academic referee reports should be obtained from academics conversant with your most recent academic work. Fill in the front section of each referee report form and then give them to your chosen referees. The forms should then be completed by the referees and sent directly to HDR Services.

Referee reports sent by email will not be accepted.

Notification

The first round of scholarship offers will be posted in mid-December, and all results of applications will be posted before Christmas.

ACADEMIC REFEREE REPORT FORM -1

In confidence – not to be returned to the applicant

NOTE TO REFEREES

This report is a confidential document on a candidate for admission to the Doctor of Philosophy (PhD), Master of Philosophy (MPhil) or Research Masters with Training (RMT), Doctor of Psychology (DPsych) or The Combined Master of Applied Psychology (MAppPsych)/Doctor of Philosophy (PhD) course.

The PhD is a 3 year (full-time) degree which involves a student independently researching a specific topic under the guidance of a supervisor. This research involves critical and creative activities and disciplined methods of inquiry designed to increase the stock of human knowledge.

The MPhil is a 2 year (full-time) supervised research program involving the independent research of a specific topic under the guidance of a supervisor. The candidate must undertake an original investigation which would normally be more limited in scope and degree of originality than a PhD.

The RMT is an 18 month (full-time) degree designed for students for whom additional, or specialised, research training is desirable. It is suitable for industry professionals who seek to extend and deepen their research expertise and undertake research relevant to their professional field, and those hoping to proceed to a higher degree but lacking in the conventional background. It is not an alternative to an honours degree.

The DPsych is an intensive three-year professional research degree consisting of seminars, supervised practical work and applied research. The specific purpose of the DPsych is to enable students to undertake applied Doctoral-level research on a topic of their choice which will make a distinct contribution to the profession whilst gaining skills in applied psychology to meet registration requirements, and to pursue specialised study in a professional area of their choice.

The Combined MAppPsych/PhD is a 4 year full-time or part-time equivalent course. It is offered to students wishing to combine professional training at Master's level in Clinical or Organisational Psychology with compatible research at the PhD level. It combines a thorough professional training in the chosen area of specialisation with the high level of research training associated with doctoral-level research.

Entry is competitive and we would appreciate your frank comments on the applicant's suitability for admission to the course.

All information you provide will be treated as strictly confidential. Please complete your Report as soon as possible and mail it in an envelope marked "Confidential" to:
